

## Top 20 K-12 Schools Partner List (as of July 3, 2013)

The Top 20 K-12 Schools list represents the largest green power users among K-12 school partners within the Green Power Partnership. The combined green power use of these organizations amounts to more than 180 million kilowatt-hours of green power annually, which is equivalent to avoiding the carbon dioxide emissions from the electricity use of more than 19,000 average American homes each year.
